【Introduction to China Hi-Tech Fair】

China Hi-Tech Fair is renowned as China’s No. 1 hi-tech event and defines the latest trends of hi-tech industry in China. It is jointly held by China’s Ministry of Commerce, Ministry of Science and Technology, Ministry of Industry and Information Technology, National Development and Reform Commission, Ministry of Agriculture and Rural Affairs, State Intellectual Property Office, Chinese Academy of Sciences, Chinese Academy of Engineering, and Shenzhen Municipal People’s Government. Initiated in 1999, China Hi-Tech Fair has been successfully held for 19 sessions on an annual basis in the City of Shenzhen. It has been playing an important role in enhancing technological and economic exchanges and cooperation between China and foreign countries.
