

ICC Banking Commission Industry Briefing on latest advocacy efforts and projects

ICC Banking Commission is pleased to invite you to our traditional industry briefing at SIBOS that will provide an update on the Banking Commission's latest advocacy efforts – including projects and on-going dialogue – as well as an insight into market trends. For the first time ever, the event will provide an update on ICC's newly created working group on digitalisation and the digitalisation of the industry. The panel of high-level ICC experts will also discuss findings from this year's ICC Rethinking Trade & Finance report and thereby touch upon the current state of the global trade finance gap, advances in the sustainable trade finance agenda and developments associated with traditional trade finance and supply chain finance products – all of which will be substantiated by analysis and findings from ICC's Trade Register.

When:

Monday October 16th 2017 - 09:30 - 10:30 AM

Where:

Metro Toronto Convention Centre (MTCC)
255 Front Street West, Toronto
